4. Welcome by William Calo,

There are no new members at this time. Dr. Calo extended an invitation for any existing members to extend an invite to the workgroup.

5. Old Business by Pam Schauer—

Were members able to use the tools that were developed for International HPV Awareness day? How did it go? What was liked? What was disliked?

William Calo – Used it to connect with other organizations and key HPV vaccine champions on social media (Twitter). Shared the social media content and joined the webinar which was useful and provided good information.

Brenda Anastasio – Thought it was great! Highlighted resources and work in her report to the CDC. DOH shared several posts.

Kacie Jankoski – western task force video got a lot of recognition

Jonise McDaniel – The materials were helpful and were nicely done! She shared them with dental health partners and the dental toolkit is available on main website and has been shared with dental practices.

Kayla Whalen – UPMC CCP shared the toolkit and video on their social media. Really liked the collaborative approach to have multiple competing health systems working together to convey the same message.

What did we miss this year? What were the gaps? What could we have done differently?

No response at the moment. Pam encouraged members to send any additional feedback via email.
