5 Action Plan

- **Old Business**

- **New Business**

- The Survivorship Workgroup will be highlighted at the March PCC Quarterly Meeting. Workgroup Member, Sally Lipinsky will speak to the PCC concerning the impact of food choices on cancer prevention and survivorship.
- Stephanie Washburn gave update on Living Beyond Breast Cancer Organization <https://www.lbbc.org/> LBBCO is in the process of completing a needs assessment and we are welcome to use data when completed. They are training oncology nurse navigators for a survivorship series program and are recruiting for January training.
- Discussed Action Plan goals – encourage survivorship f/u (goal #2 and #4). Need more workgroup members to help spread awareness/education to survivors.
- Discussed making a resource tab available to survivors on the PCC website. This would be a place to hold all resources that survivors can access.

6 Open Member Sharing/Action Steps

- **Discussed filling the gaps in our workgroup. Our ask is for our group members to reach out to 2-3 other community partners to get involved in our workgroup. Help us to make sure there is representation from all COC in our workgroup.**
- Once a resource tab for survivors is created on the website, our group reviews/edits the page at monthly meeting to keep updated.
- Asked Diana Fox, Senior Director, Cancer Control Strategic Partnerships from ACS - to share a few slides with the group on cancer survivorship initiatives at the next meeting.

7 Closing/Next Meeting
